

## JOE BELLINO TO BE AT FOOTBALL BANQUET

Joe Bellino, Winchester boy who became the most sensational star in years in the Navy football team of a couple of years back, is to be the featured speaker at the D.A.V. Football Banquet, on Feb 2nd.

Bellino was the All American star who won every trophy to be offered in football.

The banquet will be held in the new North School, for the 39 members of Wilmington's 1962 team and the 11 cheerleaders. The team tied for second place, in All-State C Division.

Alec Epstein, popular Wilmington

business man, is to be Master of Ceremonies, and a Lowell Sun Sports writer, probably George McGuane, is to present the football team with the Lowell Suburban Trophy, for the second time in two years running. There are to be many guests from the sporting world.

Assisting the DAV are members of the Old Age Group on Deming Way, and other volunteers, DAV commander Eddie Forrest has reported.

There is to be a drive, next Sunday afternoon, starting at 2 pm for donations for the evening. All

of the money collected will be used to buy gifts for the cheerleaders and the team members.

A big program is to be presented. The committee in charge has received copies of autographed books by Joe Bellino, from Al Florenza, Wilmington Silver Star winner at the Battle of Heartbreak Ridge, in Korea. Mr Florenza will present the books in person to the Seniors in the Football team.

Eddie Forrest is chairman of the committee, and he is assisted by Tony Cesari and Walter Gustus. The banquet is to start at 7 pm.

## PAPER WORK SNOWS POLICE STATION

Growing reams of paper work, the Chief of Police testified, Tuesday evening, before the Wilmington Finance Committee, makes it necessary to have two full time clerks.

The growing number of reports which must be submitted to such offices as that of the District Attorney and the F.B.I., plus the 'no-fix' traffic tickets have built up a back log, in the Wilmington Police Station.

'I take traffic tickets home at night and work on them' Lynch told the Finance Committee Chairman, Carl Gubellini.

Lynch is asking for one full time clerk, even though he needs two. He at present has the services of a part time clerk, four hours a day, five days a week.

Lynch told the Finance Committee that he puts the Sergeants on to paper work, when they should be doing other things, and that, in the case of the traffic tickets, his unfinished file dates back to last October.

Lynch's big plea was to have the Police Department classified in the thinking of the Finance Committee and other town officials as something aside from the Fire Department.

The two departments were always compared, he said, and he didn't think it was fair to either department. Especially, he said it was unfair to the Police Department.

Lynch this year wants three additional men, in addition to the present force, bringing the department up to a total of 22 men including the Chief.

The budget submitted by the Chief has provisions for the three men, starting about April 1.

There are four men on a shift at present, one of whom is a sergeant in charge of the shift. Three are assigned to two cruisers, two in one, and one in the other cruiser. The Chief hopes to have five men on the two night shifts, in order to provide better protection by having two men in each of the cruisers.

If the Finance Committee wants

to make comparisons, the Chief said, with the Fire Department, the Chief pointed out that that department had seven men on a shift.

The Chief was asked about the wage schedule he has submitted. Patrolmen are getting \$100 a week and their increase, as proposed by the Chief, is to \$115. Sergeants are getting \$107 and the Chief's proposal for 1963 is \$125. His own salary, \$135, he was proposing be increased to \$175.

The Chief made these recommendations with the feeling that for the last three years the department was given \$5 per week per man increases, across the board. This was on the recommendation of the Wage Study Board, that the department was opposed to. If the department had been given what the Chief felt it was entitled to in the past three years there would have been no request for such a large increase at this time.

Speaking of the figures which appear in the Finance Committee report for the Town Meeting the Chief felt it was unfair that his estimate figures should appear in the left column, with the Town Manager's figure in the next column, and then the Finance Committee's recommendations in a third column.

The figures, he said, were so far apart that they confused the voter.

The Chief felt that prior to the submission of a budget there should consultation between Department Heads, Town Manager and Selectmen, so that an agreement could be worked out, and the various department heads could know what would be an acceptable figure for everyone.

This, the Chief said, would be a more logical way to do things than is done now, and could eliminate the need of all the discussions before and in town meeting.

### Board of Registrars NOTICE

In compliance with Chapter 51, General Laws, Commonwealth of Massachusetts, the annual canvass of all persons male and female, twenty years and over, will be made in Wilmington during the months of January and February.

An assistant registrar will call at your residence to get the following information:

1. Name in full, other initials and surname
2. Age
3. Occupation
4. Residence January 1, 1963. If Wilmington give address, if out of town, give city or town.
5. Nationality, if not a Citizen of the United States. Give name of country.

The assistant registrar will also list the names of all other members of the family, including children, for the annual census. He will also list dogs.

Students in college and people in the Armed Services, and people living in other states who maintain their residence in Wilmington should be listed. Unless you are listed you cannot be registered as a voter. If you are already registered your name may be dropped unless you are listed.

### WILL THERE BE A QUORUM

One of the questions that looms on the hori-  
zon at the moment is the possibility of not hav-  
ing a quorum, at the special Town Meeting of  
January 21st.

It was just about a year ago that our chair-  
man of Selectmen made a boast in Florida to the  
effect that 10% of the residents of Wilmington  
directly and indirectly in civic affairs, and  
that there was a growing list of volunteers  
awaiting appointment to committees, yet the  
sad fact is that unless there are controversial  
items in the Town Warrant it is very difficult  
to get a quorum of 150 for a Special Town Meet-  
ing. There have been times when Selectmen have  
gone out on the sidewalks and begged people to  
go in, just to make a quorum, and this in the  
not too distant past.

There are to be two articles in the Warrant,  
one to purchase land, and the second to appro-  
priate for preliminary work on plans. Neither  
of these are controversial, and the town is  
going to be fortunate if much over 1% of its  
residents show up for the meeting.

Without doubt a few civic minded organiza-  
tions, such as the League of Women Voters, the  
Baldwin Civic Association, and various PTA or-  
ganizations will do their part towards getting  
a quorum, but it is quite unlikely that more  
than 2% of our residents will be present.

### THERE WAS A CONTROVERSIAL ARTICLE

The Selectmen missed a chance at having one  
controversial article in the warrant, one that  
could have insured a quorum. Perhaps they were  
wise in doing as they did, and perhaps they  
were not, but the article has been excluded and  
the chance for a controversial meeting (thus  
drawing more voters) has been lost.

The article was one for re-zoning of land at  
Lucci's Market, submitted by Mr. Lucci.

Mr. Lucci had about 151 signatures from his  
neighbors and friends, which was more than the  
necessary number by far, but, it turned out,  
many of those who signed did not pay attention  
to the law which says the signature must be  
exactly the same as it appears on the list of  
registered voters.

Thus, if John A. Volpe (to pick a name) the  
past Governor of Massachusetts had signed John  
Volpe there would have been no mistaking his  
intentions, but the Board of Registrars could  
not have accepted the signature, if their list  
showed it was John A. Volpe. (Mr. Volpe, of  
course, is not a resident of Wilmington).

There is a lesson in this, not only for per-

### IMPORTANT MESSAGE

sons who submit articles for Town Meetings, but  
for the present candidates for Town Office.

Be certain that the signature of the voter  
on nomination papers, or warrant articles, is  
as the name appears in the list of Registered  
voters! Otherwise it will not count!

Mr. Lucci had, out of 152 signatures, only  
85 that were the same as the Registrars list.  
He had plenty of friends, but only 85 of them  
knew what they were doing.

### UP JEFF WILLIAMSON!

Residents of Wilmington may take cheer from  
the remarkable showing of Jeff Williamson in  
recent speed skating contests.

While his record in the try-outs for the US  
Olympic team do not approach by any means the  
world records, it must be remembered that those  
world records were established under perfect  
conditions, and Jeff was skating on a home-made  
pond under any thing but ideal conditions.

The Skating Club has done much to improve  
skating in Wilmington, as have the merchants  
and friends who have loyally supported the club  
And now the people of Wilmington can add the  
name of Jeff Williamson to that of Jeanne Ash-  
worth and Dick Ring, as possible Olympic con-  
testants.

It must be recognized that the odds are very  
much against Jeff making that team, but would  
not it be wonderful to have three Olympic con-  
testants from this little town?

### SKATING RINKS, A LA KIDDER

Donald C. Kidder, Selectman of Wilmington,  
made a noble try Monday night, to have the  
town promote some of Wilmington's low swampy  
areas into suitable places for the kiddoes  
of Wilmington to go skating.

He proposed that the town take the trou-  
ble of 'flooding' the various areas around  
town, and provide safe places to skate.

The other Selectmen threw cold water (ice  
water??) on Mr. Kidder's ideas, when they  
pointed out that there would be a liability  
to the town if there were some accident.

Tuesday night Mr. Evans, Chairman of the  
Planning Board observed that the areas that  
the real-estate developers want to set aside  
as playgrounds are always the low swampy  
places that are no good for anything but  
skating.

Maybe Mr. Kidder and Mr. Evans should get  
together, and promote more skating for the  
kiddoes. There is a germ (a cold one, true)  
of an idea there.

## TOWN NOTES

### How Deep?

The Town Crier has received a  
press release from the US Coast  
Guard Auxiliary, announcing that  
the North Suburban Boating Clin-  
ic is to be conducted in the new  
cafeteria of the Memorial High  
School, on Main Street, in Wake-  
field, starting at 7:30 pm Jan 14.  
There is no admission charge, and  
the sessions will consist of movies  
slides, demonstrations, etc. with  
opportunities for questions.

The press release started: 'How  
deep is a fathom? What is free-  
board?'

The way we learned it when we  
went to sea, 35 years ago, was that  
a fathom was a measure of length -  
to wit, 6 feet. So let's ask that  
question again.

How deep is a rope that is 20  
fathoms long?

### Auto Sports

On our desk is a little blue card,  
calling card size. On the front is  
'AUTO-SPORTS WILMINGTON'  
together with a device that is prob-  
ably meant to be a wheel.

On the back is a legend reading:  
'You have just been assisted by a  
member of the "Auto Sports of  
Wilmington". Our most important  
endeavour is to make the highway  
a safer place. "Happy Motoring".'

We don't know who the 'Auto-  
Sports' are, but Harry Sandler of  
the North Wilmington Pharmacy  
(who gave us the card) reports it  
was given to a complete stranger  
on Christmas eve, by a young man  
who helped him, when he had some  
ignition trouble.

Somebody is being an angel in  
disguise.

### Reindeer Meat

The item we had in this column  
last week was misleading, we have  
since found out.

It reported that some people had  
won Reindeer Meat, as part of the  
game in bowling, with the North  
Wilmington Merchants League.

Personally, we think Reindeer  
meat tastes too strong, and al-  
though we reported the names of  
the people who had won the prizes,  
it was with a hidden sympathy on  
our part. It might be all right for  
the Laplanders - but for us!

So we are happy to learn that in-  
stead of the reindeer meat the prize  
winners were awarded \$5 bills and  
allowed to buy their own meat.  
We'll bet it wasn't Reindeer Meat!

### Another TM

Officers Bob Shelley and Charlie  
Janerico, of the Wilmington Gen-  
darmerie, on Christmas eve, had  
the occasion to help a stranded  
motorist.

This week the Police Department  
received a very nice letter from  
Salem New Hampshire, written on

town stationery, complimenting the two men, and the department.

Chief Lynch wanted to write a letter back, so he checked back, to see who the writer was.

It was the Town Manager of Salem, a gentleman by name of Fred Staples.

Which made the Chief and the boys feel all the better!

Another Compliment

The Town Crier publisher, Tuesday night, had an unmeant compliment, of some sort or other from Percy Newhouse.

It was at the Planning Board meeting, when Mr Newhouse was being introduced to those within the room. Chairman Bob Evans was introducing Town Engineer Al Savignac, and Percy, who is a little deaf, grinned and said 'The Trouble Maker!'

Everyone was taken aback, that a man coming in should make a remark like that about a town employee, until it turned out that Mr Newhouse thought that the Town Crier publisher was the person being introduced, and that this was his idea of a friendly greeting to an old friend.

#### Chairs Returned

The Wilmington Gendarmes have a real crime now, on which to whet their brains - the kind that could be written up by a Mystery Story writer as the 'Case of the Re-Appearing Chairs'

It seems that at the same time that some persons broke into the Boutwell School and the Jenney service station, down near the Woburn line, during December, some one broke into Camp Forty Acres in North Wilmington.

The police have a pretty good idea of who broke into the school and service station, and are expecting an arrest soon, but the Camp Forty Acre job has them puzzled.

Who ever the dastardly criminals are who broke into the Camp, they took two old overstuffed chairs, a 20 foot extension ladder, and a stove.

Then, on January 9th., they broke in again, and returned the two chairs - but are still keeping the ladder and the stove.

What kind of criminals are these?

**Black & Kidder Mum on Plans**

Neither of the two Selectmen whose terms are to expire in March have made, as yet, any decision as to their plans with reference to running for re-election.

Veteran Selectman Charles H. Black of Church Street retired on January first from his position with the Stone & Webster engineering firm of Boston, and is reported to be undecided as to whether or not he will be a candidate this year.

His colleague, Donald C. Kidder, is reported as being urged to run by some of his friends, but he too has not made up his mind.

Meanwhile the bushes are full of would-be Selectmen who are closely watching the two men. At least eight persons have told the Town Crier that they 'might' be a candidate.

Four sets of papers have been taken, so far, for Candidates for Selectmen, from the Town Clerk. While a person can get papers, for the asking, it is not certain that the person is either getting the papers for himself, or necessarily going to be a candidate for the place to which he is reported to be aspiring.

Charles Green of Shady Lane Drive, a candidate last year, was the first to take out papers. Mr. Greene, however, is reported by friends to be making a decision which may take him out of the race this year.

M. Flora Kasabuski, former member of the Wilmington Housing Authority, and one-time candidate for the School Committee has also taken out Selectman's papers. Mrs. Kasabuski has confided her plans to no one, so far.

Joseph R. Lynch, 100 Grove Av. has taken out papers for Selectman. A former Commander of the Neenellsworth post of the VFW, and also of VFW District Four, this will be Mr. Lynch's first venture into the political field, if he files as the law requires on Jan. 26th.

The last to take out Selectman's papers is Atty Alan Altman, of Church Street. Mr. Altman has had no comment on his plans.

**LETTER**

Dear Larz:

I have been noticing the advertisements of Mr. Spinazola in the Town Crier, relative to the Town Dump. Mr. Spinazola is quite a philosopher!

However, he was wrong on one count, last week. It isn't the little boys who throw the candy wrappers on the street in Wilmington Square that make it so dirty - it's the fact that no one ever empties the trash receptacles.

I have seen people stand and try to stuff trash into the box that hangs on the lamppost - and then give up because the box was full. They put the stuff on top, and then the wind blows it away.

I think the boxes haven't been cleaned since Christmas. Maybe I'm wrong, but they certainly do not get the attention that they should.

Yours,  
J.C.

only one of the two incumbents who have their terms expire in March, who has taken out papers for re-nomination, in the School Committee race.

His fellow member of many years, Ernest Crispo of Hopkins Street has as yet to make a move towards re-nomination.

Three men, so far, have taken out papers with the declared intention of running for the School Committee, in addition to Mr. Hartnett.

Homer Coursey of Wing Road was the first to do so. He has seen service with the Board of Appeals of Wilmington, but it is believed that this is his first attempt at political

ken out papers. So far there is no opposition.

**Housing Authority**

Chairman Eddie Forrest of the Wilmington Housing Authority, according to friends, is still undecided as to whether or not he will be a candidate for re-election.

George Lingenfelter of Concord Street has taken out papers, and begun a campaign. Mr. Lingenfelter, last year, was a candidate for the School Committee, and he at present is president of the Wilmington Chapter of the Junior Chamber of Commerce.

A CANDIDATE IN THE FIELD: George Lingenfelter, candidate for election to the Wilmington Housing Authority, is probably the first to take an active part in the elections this year. He is shown here at a house party held in his honor. With him are Mrs. Elizabeth Anderson of Lowell Street and Mrs. Catherine McCue of Lawrence Court, office in Wilmington.

Joseph Paglia, 100 Nichols Street is the second candidate. Mr. Paglia was a candidate last year, and has been active for years in activities for children, including the Little League, where he has been Chief Umpire for several years past.

The third candidate is Richard Keane, of North Street. A salesman for a local chemical concern, Mr. Keane is a past Chairman of the Baldwin Civic Association. This is believed to be his first candidate for office in Wilmington.

**Moderator**

Atty Simon Cutter, the present moderator of Wilmington has taken

**Requirements**

Each candidate must file his nomination papers by 5 pm on January 26th., with the Town Clerk. There must be at least 50 valid signatures of registered voters on the nomination papers.

The papers are checked, by the Board of Registrars, and after being validated are returned to the Town Clerk.

The candidates must again appear before the Town Clerk, and again file, this time before 5 pm on Feb. 2nd, and certify that they are candidates for the office they seek. Election is to be on March the 2nd., with the annual Town Meeting following on March 9th.

## DE FELICE'S STORY NOT QUITE THE SAME

Selectman Nicholas De Felice had his day, with the Chairman of the Board of Appeals, Monday evening in the Selectmen's meeting.

The Selectmen's meeting room was not only crowded, but the atmosphere was highly charged, as the hearing began.

In addition to the five Selectmen and several other persons, there were the Town Engineer, Alphonse Savignac, Will Perkins, of Reading, of the firm of Dana Perkins & Sons, surveyors, and Mr and Mrs Alan Fenton, who had requested the Appeal hearing, and the owner of the land over which Mr De Felice is arguing, John Vadaikes.

Two more members of the Board of Appeals stood outside the crowded room and listened to every word, as did some other town officials who took no part in the proceedings.

De Felice had originally requested that the entire board be called before the Selectmen, but this request had been blunted by two other members, who had substituted for the De Felice request a request that the Chairman of the Appeal Board and the Town Engineer and Town Building Inspector 'discuss' the subject.

Mr Anderson, the Building Inspector was, however, in Palo Alto, Calif. on his annual vacation, and was not present to answer the questions of Mr De Felice or anyone else. He was represented by Will Perkins.

The Chairman of the Board of Selectmen, John Brooks, opened the discussion by remarking that there had been concern expressed by a member of the board, and that this was 'by no means a meeting to go over the decision' but instead one in which the Selectmen were looking for information, an act which he felt the Selectmen had every right to do.

Mr De Felice's opening statement (after he remarked that he had been looking for the Building Inspector) was: 'Regardless of what you may hear I am not opposed to building a house' on the lot over which the controversy has been raised.

Mr De Felice said he was concerned with an apparent shifting of zoning lines. He explained that the Building Inspector before Mr Anderson had that job had had a different ruling for the area, and that the owner of a gift shop had to go before the Board of Appeals twice because of that different ruling.

De Felice went into some length to explain that there was a discrepancy on maps, and he felt that the zoning line had moved 100 or 120 feet.

He had three principal points, the first being that one Board of Appeals was differing from another.

His second point was that Mr Anderson had agreed to a compromise and, 'when it is wrong, compromising doesn't make it right'.

The third point that De Felice raised was that a 'paper' street known as Temple St. had been used by the Building Inspector in the measurement on the map of the zones.

De Felice argued that there is no bound at Temple Street, and that Anderson should have used another place. 'There is a bound at Woburn and Lowell Streets that could have been used'. He pointed out that the Woburn-Lowell St bound had been voted by the town. De Felice went on to cite that the Town Engineer had said there was a 200 foot error in the map, and he felt that a Town Meeting vote should clear up this particular question.

De Felice further explained that he had checked with Daniel Gillis, Planning Board member, and that he had asked Mr Gillis if it was the intention of the Planning Board to go through lot lines (when laying out zoning boundaries, Ed). The answer, De Felice said, was 'No'.

'The only explanation from Andy was "I am the Zoning Officer"'. Lowell Street is a County Road. There is a known 200 foot error. The members of the Board of Appeals are acting on Andy's ruling. I still say there is a discrepancy and that it is the Building Inspector's duty to notify the town that there is an error - submit an article - there is no great problem to get these things straightened out,' Mr De Felice said as he finished his opening remarks.

### Gage Objects

Gene Gage, Chairman of the Appeal Board, opened his remarks by saying that 'I object to being called before the Board of Selectmen'.

He pointed out that his board has 'a thankless job', and that it frequently has to make decisions that makes someone mad. 'This time stepped on Selectman's toes'.

De Felice objected, quickly, but was shooshed by John Brooks, who told De Felice that it was Gage's turn to speak.

Gage told the Selectmen that the Zoning By Law states that the Building Inspector shall determine the boundaries, and that he had determined that the lot of land in question was in a General Business zone.

The board further wrote to Town Counsel Philip Buzzell 'to check and find out'. The result had been a letter, written on Nov. 4, 1955 from the then Town Engineer, George Winters, to the late Herbert Barrows, advising that the Planning Board had voted that the boundary be Dartmouth Avenue.

We therefore wrote to Mr Buzzell and asked a question about 'scaling on the zoning map' Gage said, or instead using the letter of Nov 5 1955.

Mr Buzzell had affirmed that the Building Inspector was the person to rule, Gage said.

The Building Inspector, knowing of the discrepancy, and allowing for the lots, felt that the lot in question was in the General Business Zone, Gage told the Selectmen 'We did make an exception - because of the lack of depth we made provision that only 2 lots could be on this parcel, making 190 feet frontage, and 83 feet depth, and we also provided that in the event that the Board of Health found the lots not usable then this variance would be null and void' Gage told the Selectmen.

Will Perkins, well known Civil Engineer, who had been requested by Anderson to attend the meeting told the Selectmen that he would have used the same procedures that Anderson had used.

Speaking directly to De Felice, Perkins said in effect that 'you hit it on the head when you said go to the Town Hall and study the problem'.

De Felice asked if Perkins would take an unaccepted street as a bound or go to Woburn Street.

Perkins pointed out that the County map doesn't 'have zoning'.

The errors, he said, had not been resolved, and this argument can come up again.

Mr Anderson saw it this way, and using this approach he couldn't change. 'Personally I see it this way too' 'I can't see that he had much choice' Perkins said.

Alan Fenton, who had been sitting on the side, requested a chance to speak, and it was granted by the chair. He read the quotation from the Board of Appeals decision of December which refuted Mr De Felice's statement that he was not opposed to the building of a house on the lot in question.

Fenton did not get a chance to finish reading the statement, as it was ruled as being of no consequence, and he was shooshed up, but he did read the opening part, which read: 'Mr De Felice of Commonwealth Avenue explained that he had built his house foundation higher than normal in order to get above the present high water table. He said that he felt that additional houses in the area could create sewerage problems due to the height of the water table.'.

Al Savignac, Town Engineer, exhibited the first map prepared for the zoning study of the area, and pointed out that no distances were shown on the map. The discussion, for all practical purposes, ended with an assertion of Gene Gage that the Building Inspector had measured from the nearest point, and that that was the way he was supposed to do it.

of Wilmington in connection with the current polio immunization program, to be held in the Old Age Housing Community Hall on January 15th. The clinic (9:30 am to 11:30 am) is one of hundreds being held throughout the state at this time.

'All effort should be made to continue the polio free record of five years said Dr Nicholas J Flumara of the State Department of Health, 'This can be done with the mass immunization program.'

The Type I vaccine being distributed in January is to be followed by a Type II distribution in March, and a Type III distribution in May.

JUST LIKE A CHRISTMAS RUSH The sale of one cent stamps was just like a Christmas rush, was the observation of Postmaster Henry Porter, Wednesday morning.

Postmaster Porter had just received a new supply of stamps and was confident that there were plenty of one cent stamps for Wednesday, but both his postoffice and the North Wilmington office had run out of stamps the night before.

The Wilmington postoffice sold 20,000 1¢ stamps, and the North Wilmington 7,000 on Monday and Tuesday. Tuesday evening all that was on hand were some \$5 rolls of 1¢ stamps in Wilmington, and No. Wilmington had none.

No. Wilmington officials estimated that they would have sold 5000 more 'if we had had them'.

The big story in both offices was that they were unable to get 5¢ envelopes. Not only the Wilmington offices, but other towns, too had the same condition.

The plan showed the three lots, and purported that they had been under separate ownership since 1912. The town tax maps show one ownership. Accompanying the plan was an

opinion by a Boston attorney as to the ownership. His opinion was that the lots were not owned by the same person, or, at least, that there was a question as to the title.

The Planning Board felt that if they signed they would be creating three lots, whether or not the attorney was correct, and they voted not to sign until they had further information.

The second plan involved about 24 acres of land in North Wilmington which is being sold by the B&MRR to the Utilities Supply Corp.

There is no way to get on the land without trespassing, or using the right of way of the Boston & Maine.

It is one of the lots of land in the area which was 'cut off' when the right of way for Route 93 was laid out. (Chairman Bob Evans has a lot of land, contiguous, which was also cut off)

Because there is no way to get into the land without trespassing the board refused to sign, but instead sent the plan back to the B&M for further study.

**51 TOWN RESIDENTS TO  
RECEIVE COURT SUMMONS**

After examination of Town Clerk records by the County Commissioner's office, Cambridge Court House, Mr Leo LeBlanc, Town Officer, has been ordered to have summonses issued to all unlicensed dog owners or keepers who have not procured licenses for the year 1962, due since April 1, 1962.

**PARKING IN WILMINGTON  
SQUARE DISCUSSION**

Parking in Wilmington Square, and the possibility of getting Federal money for playgrounds was a part of the discussions of the Planning Board Tuesday night.

Member Joe Slater noted that with the increase of passenger service on the B&MRR the problem of parking could become more acute in Wilmington Square. He noted that a charge was now being made to park cars in the depot yard, and suggested that the time had come to make a study of the possibility of cutting a road through from Church Street to either Main St. or Middlesex Avenue. 'Parking is going to get worse' Slater said.

Danny Gillis was of the opinion that the Board of Selectmen should be invited to a 'get together' so that 'we don't have a fiasco, such as happened when Urban Renewal was the big question'.

Mr Slater, carrying the conversation a little further, was of the opinion that the peat in the area would have to be removed anyway, and that perhaps the Urban Renewal project should be revived, one way or another.

The discussion was a part of a larger one, in which the land that is set aside, in real estate developments for playgrounds figured. Mr Slater wanted some means of being certain that the town knew of this, in order to be able to purchase the property before the time limit had expired. It was pointed out by Charles Fogg that this project of purchasing playground space could probably be partly financed with matching funds from the Federal Government.

Herb Nickerson noted that there is a bill in the legislature which will allow the town Water Department to take over a portion of the Veteran's Memorial Park (Town Park) as an additional wellfield, and that if this were to happen the playing field would most certainly be a part of the well field area, which would mean a loss of the playing field to the town.

Mr Gillis noted that the Planning Board had, in the past discussed the possibility of a separate park department, rather than having the parks come under the Planning Board.

He suggested a sub-committee of two persons to study the problems. Slater was in accord - and felt that the town was doing nothing in relation to its future problems. 'Paul Niles went to Washington and the result was to save this town from a lot of trouble - but nobody in town has any answers today - it's a disgrace!' Slater said.

It was voted to establish a two man sub-committee to further investigate the problems and to bring the answers back to the Planning Board.

**ROUNDS VS WATER BOARD  
COURT ACTION TODAY**

The long standing argument of A. P. Rounds, developer of Hathaway Acres, and the Wilmington Board of Water Commissioners will be shifted into Cambridge Courthouse today, when Water Commissioner Waldo Stevens will appear to reply for a plea of Writ of Mandamus by Rounds.

Rounds has asked that the court force the Water Commissioners to supply water for the latest part of his real estate development in No. Wilmington.

The Water Commissioners are arguing that Rounds has failed to keep a prior agreement, and that 'first things come first'.

**PARENTS NOTIFIED OF  
SCHOOL PROCEDURE IN  
EVENT OF NUCLEAR ATTACK**

In a letter dated January 10th Supt. of Schools Harold Shea, acting for the School Committee, has told the parents of school children the procedures to be followed by the Wilmington Public Schools, in the event of a nuclear attack.

The schools, Mr Shea says, are not presently serviceable as fall-out shelters. Pupils will be dismissed from school if an air raid warning is sounded while schools are in session. The warning, in this instance, is meant to be at least 30 minutes from the time of the warning and the arrival of radioactive materials in the vicinity.

In the event of an attack which does not permit a 30 minute warning, as many students as is safely possible will be sent home. The others will remain in the schools under whatever protection is available until released by the Civil Defense Authorities.

Principals, supervisors, teachers, police, bus contractor and local civil defense are readying plans and operations to be used to bring about the safe return home of the children within the prescribed time limit. For the present the plans do not call for assistance in the ways of car pools and the like, the parents are told.

The letter says that competent Civil Defense Authorities say the fewer vehicles near the schools in an emergency, the better.

Your children will soon be coming home and letting you know of the practice they are getting to make this operation a safe one, the letter says. Most of them will accept these drills matter-of-factly as a part of the school routine. You can help to strengthen this feeling if you yourself accept them in the same spirit. Your youngsters' principals will also keep you informed.

**REV MR VINCENT TO LEAVE

**REXALL SWEEPSTAKES**

Fabulous prizes are now being offered in the latest Rexall Super Plenamins Sweepstakes now going on at Wilmington Center's Rexall Drug Store, 432 Main Street. For the winners, it will be 'Money in the Bank' with up to \$50,000 in prizes, 1010 prizes in all.

'First Prize,' explained Mel Woodside, owner of Wilmington Center's Rexall Drug Store is a \$10,000 Bank Account plus an extra bonus of \$15,000 when the winner has included a box top from a Rexall Super Plenamins special combination package (or the substitute as stated in the Official Rules of the Sweepstakes).

According to publicity just released, the Second to Tenth Prizes run from \$5,000 to \$1,000 in Bank Accounts. The 1000 runners-up will each receive a \$10 Rexall merchandise certificate, which they can 'spend like money' in their Rexall Drug Store.

This exciting Money-in-the-Bank Sweepstakes is being conducted by the Rexall Drug Company, makers of Super Plenamins, well-known vitamin-mineral product. To enter, Rexall customers merely ask about the special combination Super Plenamins package now being offered at a big saving, and pick up their Free Entry Blanks with Official Rules. This will be for a limited time only, since this offer ends March 31 1963.

'Some lucky Rexall customers,' Mel Woodside said, 'are going to win money to send their children through college, pay off the mortgage, take that longed-for trip around the world, or help insure a care-free retirement. It's a great idea!'
